Tender documentation clarification No. 1 pursuant to Sec. 98 of Act No. 134/2016 Coll., on Public Procurement, as amended (the “PPA”)

In Prague at 30th June 2020

Public procurement procedure for supplies in above-the-limit regime to be contracted in open proceedings: **Photomultipliers for ECAL@HADES**, evidential number: Z2020-020935.

Question No. 1

*“Please let me ask the first question on the tender published here:
https://ezak.ujf.cas.cz/contract_display_322.html*

What is the deadline for the submission of the samples (3 PMTs)?”

Answer No. 1

No deadline for submission of the samples has been set yet. The required samples (i.e. 3 photomultipliers, as defined in Article 13 of the Tender documentation) will be submitted by the Selected Supplier, whose Bid is evaluated as the most economic advantageous, on request of the Contracting Authority according to Article 12 of the Tender documentation. In the request, the Contracting Authority may set a reasonable deadline for submission of the samples. Furthermore, it may also extend or waive the deadline, where appropriate. So, a particular deadline for sample submission will be defined by the Contracting Authority upon bids evaluation and communicated to the Selected Supplier in the request for submission of documents and samples for their verification before signing the contract.
