

GENERAL INFORMATION

For contractors (In-Kinds and commercial suppliers) coming on the ESS Site

ADMINISTRATIVE PREREQUISITES

Each member of the contractor’s personnel performing work on the ESS site shall apply for an authorization photoID card (ID06) which is compulsory for each worker. The application shall be done a few weeks prior to the start-up of the installation activity at the following address:

<https://www.nexusid06.se/en/>

The contractor shall pre-register its own personnel at the following link before coming on site:

<https://confluence.esss.lu.se/display/SEC/Pre-registration+new+personnel>

Application for vehicles access on site can be done at the following link:

<https://confluence.esss.lu.se/display/SEC/Vehicle+site+access>

WORKING HOURS

The official working hours on the ESS site are from 07:00 to 16:00 from Monday to Friday. A [request](#) shall be completed and addressed to the Area Supervisor for any work performed outside normal working hours and working days.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Each member of the contractor’s personnel performing work on the ESS site shall wear the following PPE and equipment:

- Safety helmet (white for officers, blue for site operatives « workers ») (EN 397)
- Safety goggles (EN 166)
- Gloves (EN 388)
- Safety shoes/boots (EN ISO 20345)
- High visibility clothing (EN 471 class 2)
- ID06 card

INSTRUCTIONS IN CASE OF A SERIOUS ACCIDENT/INJURY

1. Check for any danger, casualty and if possible make the situation safe
2. Call 112 and provide the following information:
 - a. Nature of the accident/injury
 - b. Location of the accident/injury
 - c. Number and state of the injured people
 - d. Any kind of information that could be of use for the rescue team
3. Perform first aid/CPR
4. Report immediately to the Area Supervisor
5. Report immediately to the ESS System Leader
6. Report immediately to the Contractor Representative

SAFETY TRAINING & AWARENESS

Each member of the contractor’s personnel performing work on the ESS site shall follow at least the following safety training course:

- ESS site safety induction (register at <https://confluence.esss.lu.se/display/SEC/Registration+site+safety+induction>)

Additional specific safety training courses might be required depending on the areas to be accessed and/or the type of activity to be performed. For more information, contact your ESS system leader.

Any safety training request (other than the two mentioned above) shall be addressed to:

SafetyTraining@esss.se

APPLICABLE RULES & REGULATIONS

The contractor shall comply with the applicable rules and regulations during the execution of the contract. In this context, the contractor is invited to take note of the rules and regulations available at the following links:

Swedish regulations

- [Swedish Work Environment Act \(AML\)](#);
- [Swedish Work Environment Regulations \(AFS\)](#);
